

Cell Line Authentication Testing Service Fact Sheet

How to order ?

Step 1: Get your Order Form and Sample Collection Kit

Contact Cell line Authentication Testing Service by e-mail (cro@diagcor.com) or by phone (852-39896142) to obtain the following:

1. Human Cell Line STR Profiling Order Form
2. Sample Collection Kit (Whatman FTA® Card)
3. Sample Submission Guide

Step 2: Prepare your samples using the sample collection kit provided according to the sample submission guide.

Step 3: Contact Cell line Authentication Testing Service for sample pick-up or mail your samples with the completed order form.

We will send you a confirmation e-mail upon receipt of your sample

Step 4: We will test your samples using the Promega PowerPlex® 18D System and analyze the results.

Step 5: We will send you the results within **10 business days** from receipt of sample.

A written copy of the report can also be mailed to you upon request.

What will you get ?

1. STR Allele Table
2. Electropherograms that support calls at each locus
